Dear Student,

Welcome to the Prerequisite Appeal Process.

Over a very long period of time, our teaching staff has carefully considered course prerequisites to ensure that students can be successful in their classes and that the teachers can effectively address the prescribed curriculum at the required pace. Thus, these prerequisites are not to be taken lightly. However, we also know that there are occasions when a student possesses the foundational course content skills, as well as the study skills needed to be successful without the prerequisite.

The appeal process will encourage you to think about what course load is best for you, what skills, knowledge, and study practices you have. It will also allow your parents to understand what is expected of you. Most importantly, it will help ensure your success in your classes.

If you have any further questions, please feel free to consult your counselor.

Below is the testing information for the course requiring an assessment. Please note that the assessment will take approximately one hour.

Course Appealing	Date	Time	Location
Precalculus or Calculus	March 20, 2024	3:00pm	Davis Senior High School Administration Building
		8:00am	

Completed forms due:
